

Kährs®

LUXURY TILES

MATCHING BEAUTY WITH PERFORMANCE

A leading wood flooring company. An innovative provider of luxury tiles. Both Swedish by birth and quality minded by nature, sharing a strong passion for design and a long history of striving to continuously develop more sustainable products.

Now Kährs and Ehrenborg have joined forces. In Kährs Luxury Tiles, we offer a wide range of modern, high-quality floors for all types of spaces, providing excellent durability even in areas with high traffic. They are suitable for hotels, offices, restaurants, stores, private homes and hospitals alike. Turn to page 8 for reference projects.

Our Luxury Tiles combine the beautiful and natural appearance of wood and stone with all the benefits regarding resilience and maintenance of modern flooring technology. They are produced with focus on promoting a good indoor air quality; all our floors are phthalate-free and we also offer a PVC-free range.

Floors for every room. Endless possibilities.

WHY KÄHRS LUXURY TILES

COMPLETE OFFERING

Complete range of Luxury Tiles for all application areas and based on a variety of installation methods. They range from the easy-to-install Click collection through to versatile Dry Back and flexible Loose Lay to our Marine collection, specially designed for the marine industry.

WIDE RANGE OF NATURAL LOOKS

Most of our Luxury Tiles floors are based on wood or stone designs in a variety of colours and looks. The Marine collection also includes a number of exciting and versatile Moroccan style patterns.

DESIGNED IN SWEDEN

Our Luxury Tiles are perfect examples of the strong Swedish design tradition, characterised by a timeless, yet contemporary elegance.

HIGH QUALITY

All Luxury Tiles are constructed to ensure excellent durability and a long life. The floors in the Click collection are based on a rigid core and feature strong 5 G joints for outstanding stability, as well as a sound reducing backing system for reduced noise and increased comfort.

INDOOR CLIMATE

All our floors are designed to promote a good indoor air quality and are phthalate free. We also offer a PVC free collection – the Dry Back Enomer® collection. The Luxury Tiles floors are certified according to a number of standards, including Floorscore, M1 and French A+.

EASY TO MAINTAIN

Made of a water proof material, the Luxury Tiles floors are durable and easy to clean, even in areas exposed to water and humidity. They are resistant to wear and scratches, as well as to chemical substances.

EASY TO INSTALL

All our Luxury Tiles are easy to install and suitable for underfloor heating, which means that they won't crack or bend. No glue is needed for the Click collection, thanks to the click installation system. These floors also feature sound reducing backing for reduced noise and increased comfort.

SUSTAINABILITY

Purchasing a Luxury Tiles floor means being eco-smart in a number of ways. These include durability; it's almost impossible to wear out a Luxury Tiles floor. This means a long life and making the best use of the planet's resources.

KÄHRS LUXURY TILES RANGES

KÄHRS LUXURY TILES

CLICK

The Kährs Luxury Tiles Click collection has been designed for home and public environments that require floors with adhesive-free installation that are both beautiful and tough. They come in a variety of wood and stone designs. Maximum durability and stability is achieved through the rigid core and the unique 5 G locking technology. Both these features also contribute to making these floors easy to install. Meanwhile, the IXPE sound reducing backing system effectively controls noise and make the floors comfortable to walk on.

KÄHRS LUXURY TILES

DRY BACK

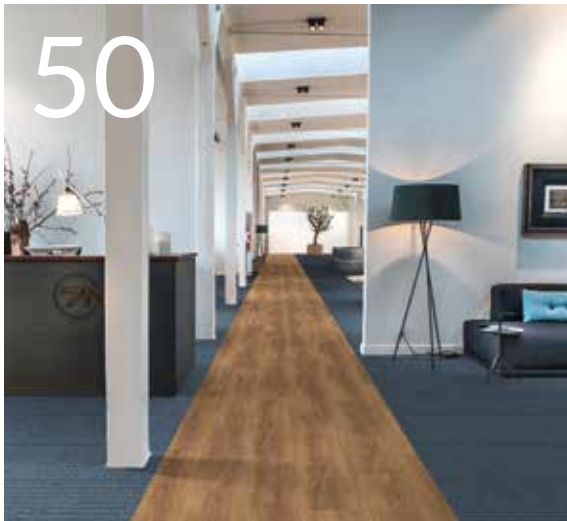

Our Luxury Tiles Dry back collection with 0.7 mm wear layer thickness is available in a wide selection of wood and stone designs. The wood designs range from traditional to elegant herringbone and rustic, while the stone designs span from classic stone to concrete. It also includes exciting patterns.

KÄHRS LUXURY TILES

DRY BACK ENOMER

The Kährs Luxury Tiles Enomer® floors have been specially developed with health in mind. The range includes PVC and plasticizer free luxury planks and tiles developed and designed to please the eye, as well as benefit the environment.

KÄHRS LUXURY TILES

LOOSE LAY

The Kährs Luxury Tiles Loose Lay collection consists of a range of modular floors featuring wood and stone designs. They are easy and fast to install, featuring a non-slip reverse side requiring no adhesive. This makes them perfect for both permanent and temporary use, such as for fairs and shows. The floors are 5.0 millimeter thick, which makes them ideal for combining with textile without any difference in level.

KÄHRS LUXURY TILES

MARINE

The Kährs Luxury Tiles Marine Collection offers exclusive solutions for interiors on cruise ships, ferries, oil platforms and other marine areas. These floors meet all the tough demands specified in the marine sector, including the highest fire class standards. All marine products are IMO approved.

REFERENCES

Kährs Luxury Tiles floors can be found in many contexts – ranging from private homes to retail, restaurants, offices, hospitals and schools – in locations from Stockholm to Tokyo.

We are also one of the leading brands in marine and shipping environments, with a client list that includes many cruise lines, as well as oil platforms.

Below, you will find a list of some the projects featuring our Luxury Tiles floors.

KÄHRS LUXURY TILES **CLICK**

The Kährs Luxury Tiles Click collection has been designed for home and public environments that require floors with adhesive-free installation that are both beautiful and tough. They come in a variety of wood and stone designs.

Maximum durability and stability is achieved through the rigid core and the unique 5 G locking technology, enabling easy installation by clicking the tiles together.

The Click floors are made from virgin vinyl with a rigid core. All floors in the collection, apart from those featuring Herringbone patterns, have IXPE sound reducing backing, effectively controlling noise. The surface is treated with a strong ceramic coating resistant to wear and tear, scratching and water.

They can be installed on an existing floor, making the Click floors ideal to use in renovation projects or when you want to retain the existing floor. Just like all our other Luxury Tiles floors, they are phthalate-free.
