SUBJECT: INSTALL Endorsement

Tarkett understands the importance of proper installation and providing the customer with a finished floor that will meet their expectations. Tarkett is proud to support and endorse INSTALL. The initiatives and continued advancements of the INSTALL program over the past several years which include; the standardization of the training curriculum and development of the certification program, the security provided with the INSTALL Labor Warranty, and the safety techniques presented in "Best Practices in Healthcare Construction in Occupied Facilities" are all resources that contribute to the professional qualifications and overall success of the INSTALL Certified Installers and Flooring Contractors.
