

INDIANA/KENTUCKY/OHIO REGIONAL COUNCIL OF CARPENTERS

INSTALL *Floorcovering Professionals Language for Bidding Specs*

Summa Health System recognizes the many benefits of a successful floorcovering installation. Therefore, *Summa Health System* agrees to form a working agreement with INSTALL (International Standards & Training Alliance). This agreement makes it mandatory that only INSTALL Certified Floorcovering Professionals complete all new installation, renovation, and maintenance projects in *Summa Health System's hospitals*.

Each floorcovering firm contracted to perform work at *Summa Health System's hospitals* will bear responsibility in verifying its employees performing the work, regardless of the tier of subcontracting, **must have the aforesaid approved training**. This includes all necessary preparatory work. At this time *Summa Health System* recognizes INSTALL as the only acceptable training and certification.

It is the intent that these requirements will take effect on August 1, 2015 and will be a pre-requisite per the bid specifications for all projects to be performed at *Summa Health System's hospitals*.

Signed and dated on the 4 day of March 2015.
