

## ENDORSED BY THE FLOORING INDUSTRY

The INSTALL Alliance represents the floorcovering industry's top mills and manufacturers, all of whom contribute to the INSTALL training curriculum to ensure the professionals installing their flooring are the best trained and most respected.

To connect directly with any one of our more than 130 Alliance Partners for product and specification support, visit [INSTALLfloors.org/AlliancePartners](https://www.installfloors.org/AlliancePartners)

---

*"We wholeheartedly embrace the INSTALL concept of a comprehensive, in-depth training program with stringent national standards. Its ability to be delivered at fully equipped modern facilities throughout North America only makes it that much more dependable."*

**Armstrong World Industries**

*"INSTALL is the only organization that creates new installers in a focused, funded, and manufacturer-approved manner. Milliken applauds this effort and supports INSTALL as the vehicle of choice for acquiring the skills to be a professional flooring mechanic."*

**Milliken**

*"Tarkett understands the importance of proper installation and providing the customer with a finished floor that will meet their expectations. Tarkett is proud to support and endorse INSTALL's initiatives and continued advancements which contribute to the professional qualifications and overall success of the floorcovering industry."*

**Tarkett**

*"nora systems, Inc. is proud to be a part of the INSTALL alliance. By offering an outstanding training facility and through the commitment of dedicated individuals, INSTALL works to advance the industry as a whole. Together we can all take 'customer satisfaction' to a new level."*

**nora systems**

*"The Mohawk Group recognizes the excellent effort INSTALL is making in certifying floor covering installation professionals in our industry. INSTALL's commitment to ongoing training and their comprehensive approach to ensure highly trained professional installers is applauded and appreciated."*

**The Mohawk Group**

*"We have reviewed in depth the INSTALL program and find it to be superior in all regards. We enthusiastically support this effort."*

**Shaw Industries**
